

GROUND GOLF

CATALOG 2023

YURIHAMA MACHIZUKURI Co.,Ltd.

From the Birthplace of Ground Golf to the GG Enthusiasts Around the World ~ Yurihama, Tottori Prefecture, Japan ~

Since its creation in 1982 in the town of Yurihama (formerly Tomari), ground golf has become a sport loved by many people. Along with ground golf's increase in popularity, the technology and skill that has gone into the manufacturing of the clubs, balls, and other equipment, has also greatly improved over the years.

With the cooperation of the manufacturers of the Japan Ground Golf Association's equipment, Yurihama, the birthplace of ground golf, is pleased to help make this equipment available to overseas GG enthusiasts at a special discounted price. We invite you to try this high-quality equipment, which brings together the manufacturing capabilities developed and honed in the country that brought you the sport itself.

We hope that we will be able to further expand the circle of friendship and promote healthy lifestyles through ground golf!

YURIHAMA MACHIZUKURI Co.,Ltd.

How to Place an Order

- ① Please describe your desired product in English or Japanese on the "Order Form"(Page 3 of the catalog). Please email "Order Form" to the Yurihama Machizukuri Company at the following email address:
[yurihama.ground.golf@gmail.com]

The Yurihama Machizukuri Company will contact you and let you know whether the merchandise is available and in-stock.

After confirming the contents of your order and the items available, please inform the Yurihama Machizukuri Company of your final order.

The Yurihama Machizukuri Company will then send you the "Order Confirmation Form". The bank details for necessary for payment will be listed on the "Order Confirmation Form". Please complete payment in Japanese yen.

Once payment is confirmed, we will arrange the product.
Therefore, it takes about one week from the completion of payment to the shipment of the product.

Once all the items you ordered have arrived from the manufacturer to us, we will ship the items to you.

Important Notes

- *Products are basically sent by "EMS(Express Mail Service)" of Japan Post.
However, the method of shipping products will change for countries that are not eligible for Japan Post.
- *You will be responsible for any bank charges incurred in your country and Japan.
- *Customers are responsible for any fees incurred during customs clearance.
- *It will require roughly 1 or 2 weeks for the package to arrive at customs in your country after shipment.
- *We will bear the shipping fee for the time being, with the feeling of gratitude for your purchase.

3D CLUB

01 2-HOLD GRIP FOR EASY CONTROL
By enlarging the grip end, it prevents slipping out and enhances the hold feeling during the swing.

02 EASY TO GRIP FOR ANYONE WITH COUNTERBALANCE
By lowering the head balance, it improves the operability and the goodness of the swing, leading to a stable swing.

03 3D SHAFT WITH NEW FACE BALANCE SYSTEM
By making the shaft a three-dimensional structure, it is possible to directly approach the sweet spot during the swing.

04 HUMAN ENGINEERING SMOOTH HEAD
A smooth swing is achieved with a shape that allows you to hold the club at any angle and a sole that has a calculated swing angle.

Conventional Straight Club

ASPRYER 3D Club

The shaft has a three-dimensional structure. Therefore, compared to conventional products, the core and the striking surface can be visually recognized straight.

ASPRYER 3D Club

The three-dimensional structure makes the face evenly balanced and the head parallel. It becomes easier to make a stable swing.
